This jig, at the price, \$169 has really terrific features. Joint too loose or too tight? No prob. Put the pieces back in and re-adjust to the engraved lines. It's the do-over exactness that makes it work. Once aligned, box after box after.....Like that chair. Hickory? Hey there was just a Vegas Wood machines show so maybe new models will yield a deal on a bandsaw. Don't settle for less than a 14" 1 horse. Wait if you have to.
