Subject: Re: Neutrik Microphone - an introduction. Posted by Wayne Parham on Fri, 25 Jan 2008 03:58:56 GMT View Forum Message <> Reply to Message

Nice to meet you, Ed. I must say I'm impressed with your career accomplishments. I'm a hobbyist that builds speakers and kits as sort of a side business. Me and a few of the regulars around here decided to start this website a few years back. Thanks for writing and please visit often. I hope you become a regular here too.
