Hi Mark,Here is the image of your radio and the HTML code you should enter to display it:<center><img src="http://img59.exs.cx/img59/9610/Emerson-front.jpg"></center>Alternatively, you can just enter this in the "Optional Image URL" field:http://img59.exs.cx/img59/9610/Emerson-front.jpgThat's a beautiful radio, by the way. Does it work?Wayne
