Subject: Re: Grille cloth - how to fasten to cabinet? Posted by dcriner on Thu, 13 Jan 2005 16:37:55 GMT View Forum Message <> Reply to Message

I've had good luck with 3M Photo Mount spray adhesive. It's primary use is for mounting artwork. It is tacky and it doesn't wick. I looks wet when it sprays on, but then disappears. http://www.enginova.com
