Hi Wayne.Just wondering if you've heard one of the T-amps yet and if you have what you thought of it?They have the Super T-amp now which provides better connectors and a more solid case at $139 bucks.http://www.si-technologies.com/frontEnd/cm_productDetail.jsp?productID=35That "herd instinct". Is it sort of like those SET guys ;-).I hope Christmas was good.Grant.
