Subject: Emud Stereophonic radio-phono console Posted by Kate on Wed, 11 Oct 2006 20:38:39 GMT View Forum Message <> Reply to Message

Hi, I have come into possession of my grandparents' Emud Stereophonic radio-phono console. Although German mfg., the writing on it is in English and my understanding is that they purchased it in the 50s. It's in perfect condition and still works. I am wondering if anyone has any ideas about how to find out the value of the piece - I did some Google searches and also looked at Ebay but did not find anything comparable. Any suggestions would be appreciated. Thanks! Kate
