My mother has a Grunow All-Wave that I would like to restore for her. I don't know what model type it is. It is a console with 7 tubes in the back. The tubes are 6K7 (two of these), 6H6, 6A8, 6F5, 5Z4,and 6F6. It also says Chassis Type C. Does anyone have any idea what model number this is or where I should look on the radio to find the model number.
