Hi, my in-laws asked if I would sell their Philco 112 and Zenith 6-S-597 Broadcast/Shortwave/Phono cabinet radios for them. I've sold bikes I've restored online, but I'm a newbie with radios. HELP!I'm looking for any help in determining a value for these wonderful old pieces. They are in great condition (please see the photos linked here below). I'm looking for any info or any offers actually. I live in the Detroit area. Thanks for your time! Roy
