Hi, just purchased the above radio today in mint condition and all works. AM FM. Golden Throat Label on Back, Model and Serial number labels on the bottom, can give you serial number if it helps. Wondered the price range it was worth. Saw one kind of like it for $20 and another for $200. approx 2 ft wide and 1 ft deep, has all knos and we are listening to it now. Any help would be appreciated.Thanks, Sandy
