thanks again for the info. I got a set of Seas SEAS 25TFFc (soft dome)tweeters, which are nice. I dont know if its me but I did prefer the original units. I have since found out that the tweeter is made by Audax, HD13D34 part no. I have contacted the only place I can find the part listed in Denmark to see if they can ship to me. Im not sure if theres a repair shop in my area, but thats another option for me.cheersAlan
