Hi John,That's a very good idea. I have a way to record CD's, and I have done that several times. But I have a couple of tape decks that are very nice too, and so I often times make copies of records the old school way. Honestly, they last longer than my home recorded CD's.My Rega 2 is still around and I've been listening to it a lot lately. I've been doing a lot of little "mini-reviews" in the Movies and Music forum, and they've all been from albums I've played on the Rega.Wayne
