Subject: Can you help me identify this? Posted by randle on Mon, 21 May 2007 14:08:29 GMT View Forum Message <> Reply to Message

I had a stereo about 25 years ago, that was an all in one unit. It had an upright turntable, with a door that closed really slowly. It would play both sides of an album if I remember correctly. I cannot remember the bran and model. Can anyone help?
