I have a Fisher model 80 T tuner and a Fisher 80 A-Z amp. Both work fine but am not into old music equipment. Can anyone give me a round-about value on these. Both are in real good condition, cabinet is nice as well as finish. They came from an uncle that passed. Also have a huge JBL corner cabinet speaker. It says Signature series but thats about all I could find. Cabinet is 3'6" tall by 2' wide. Any info or suggestions on the above would be greatly appreciated. Thanks, Frank
