Subject: Re: Flat down to 100Hz on a 224Hz baffle ? Posted by hitsware on Sun, 12 Dec 2004 15:30:43 GMT View Forum Message <> Reply to Message

Thanks! Everybody seems to refer back to Linkwitz. Interestingly the proponents of the 'area' sets Fc (as opposed to 'shortest dimension' school) claim the reason is that a dipole is a 'velocity' vs 'pressure' device, while Linkwitz says velocity is inaudable ???
