Well, i'm in a bit of a predicament. I'm looking into a new amp and i can't decide which of these fine pieces of machine i should invest in. I've heard great things about both (though i'm aware i'd need a pedal for the deville, 410 or 212, for the music i play). Anyway, I play a Schecter c-1 Diamond Series, and my style is very rock/hard rock oriented with a big blues influence. Basically G n R, Alice in Chains, Pearl Jam, Scorpions, STP, Hendrix, SRV.. you get the idea. Anyway, with all this said.. what do you guys think? Any and all opinions would be greatly appreciated, thankyou.
