Subject: Re: Peavey Amp Problem Posted by Ricardo on Mon, 23 Apr 2007 16:55:10 GMT View Forum Message <> Reply to Message

Sorry I don't have insight into that particular model, but it reminds me of trouble I had with my Peavey Standard head. It would get a horrible hum, and suck the speakers back into the cabinet until I turned it off. After a few tries at getting it fixed, it seems to be alright now, although I haven't used it for awhile.
