HI I HAVE A NEW MARSHALL MG50DFX,,,1/12,,,,THE CABINET IS A CLOSED BACK,,,AND NO PORTS IN FRONT GRILLE. THE SOUND IS VERY BASSY AND RUMBLY SOUNDING???,,,,EVEN WITH THE TREBLE ALL THE WAY UP,,,,IM THINKING OF 1. MAKING PORTS IN THE FRONT,,,2. TAKING OFF THE BACK PANEL AND CUTTING IT TO MAKE A SPACE IN THE BACK,,,ANY THOUGHTS AND IDEAS???

MY BAND
