Subject: Re: big screens Posted by colinhester on Sun, 24 Jun 2007 02:03:42 GMT View Forum Message <> Reply to Message

The wife and I toured 9 multi-million dollar new construction homes this week. The trend in these houses seemed to be: very big screens (100"+) and ulta-high end projectors; non-dedicated HT rooms as in the past; and lower end audio equipment with an emphasis on boomy bass. The focus was very much on the visual experience and not the sound....C Homearama
