Subject: Re: More methods of work -- Hookup of speaker to termination Posted by Ion on Tue, 13 Jan 2004 02:01:31 GMT View Forum Message <> Reply to Message

I couldn't come up with much at RS. There was something called a Eurobut not small and white like your picture.Weren't you supposed to be in Vienna?Over at PE I was asking how these other things would work:

Male and female bullet connects in red and black
