This $600 wire will take you to the next level of Nervana. Come to think of it, I remeber a brand of cables by that name.The majority of sales techniques pandor to our insecurities by boosting our EGO's through sex. Or this can be done by making us feel superior by causing us to think the product in question is a magic potion. A potion that will make us verile and strong, or even possibly lead us to Nervana."Dumb all over, and a little ugly on the side"And we wonder why there are so many arrogant control freak's wrecking havoc on the world, the Alpha.There is a belief that we were made with the free will to choose. To choose to be led by our animalistic instincts, or to be guided by our spirit.Norris Wilson
