Subject: Re: well Posted by Manualblock on Mon, 06 Jun 2005 00:39:43 GMT View Forum Message <> Reply to Message

I saw three or four guys looking at Thorardson's and a couple UTC's so took it as a trend. But my point in asking was whether there is some other benefit that maybe makes those examples a better fit for some designs than what you could obtain from current pieces. I see; the theory aspect, that explains it.Thanks, J.R.
