Veceras sam konacno sastavio pojacalo, umoran kao pas - par dana samo lemim i montiram... Da, dobio sam par "Goldpoint" 25k log 24 poz. attenuatora iz Amerike... Javicu ti se privatno, cujemo se!For English talking people - Rajko understands the text on English, but he is not so good in talking/writing...no problem, I`ll translate. I said to him that tonight I finally finished the amp, but I`m so tired...a few days and nights of soldering and mech. mounting... Photos and descriptions probably tomorrow...And, yes - I said to him that I get a pair of "Goldpoint" 25k attenuators from US (thanks, Mike!)...they are installed in the amp now.
