Up for sale are my MG 3.6R's. They are in very fine shape, and sound absolutly great. They only have one flaw and that is that on the far back left side of the external wooden rail is a little dent. You wont see it, unless you look close behind the speaker. I have the original packaging and manual. Pickup or shipping. Shipping at buyers expense. These speakers are 2 1/2 yrs old. They never had a replacment ribbon or other reasons to send them in. My room forces me to sell them Pictures apon request. I am asking 2800 Firm.:~)
