I'm cleaning out a few drivers and horns. Let me know if you're interested. Each is used, but in great shape. None have been abused, all can be considered like new.(2) Eminence Magnum 15HO - \$100.00 each(3) Peavey CH-3 horns - \$20.00 each(2) Eminence EM2039 compression driver - \$20.00 eachNote: The EM2039 was Eminence's predecessor to their current models. It is a 1" exit driver similar to the PSD2002. They look and sound very much the same.
