This is a Paradigm Reference Servo in excellant condition. I bought it as a dealer demo to go with the rest of my system. Less than 4 months ago and still has 2 1/2 yrs on the manufacturers warranty. Moved into an apartment about a month after getting my system and have had to many complaints about it. Letting it go to you.Would like 895 plus shipping for it. Sub is in immaculate condition. Works perfectly. Is a dealer demo but was only used about a month in my home. When owned by the dealer got some scratches and nicks on the top of it, but other than that perfect. Still comes with the 2 1/2 year warranty from the manufacturer.E-mail at excetara2@gmail.com with any questions or for PICTURES?Thanks,Jeff
