Hi all
For sale - one brand new and unused (still in original box!) ciare 12.00SW subwoofer. Very loud - 1000W. 20Hz - 200Hz. 8 ohm. I was going to build another tapped horn and sell it, but time and money mean that I will have to sell just the driver. For more details, see <http://www.usspeaker.com/ciare%201200sw-1.htm> £95 inc p&p, or less if you live in the York area to pick it up, or could possibly deliver around York area. If you're interested, e-mail me on andyboy20@hotmail.co.uk Andy.
