Subject: wayne, which dimensions do i use? Posted by replay on Tue, 03 Jul 2001 15:48:07 GMT View Forum Message <> Reply to Message

hi wayne, i've forwarded the plans for the premium stage 4 pi's to my cabinetmaker. which measurements do i use? on the website they are 26" x 18" x 14" but in your plans they are 26.5" x 18.5" x 14.25". also confirm that the port size is correct as well. thanks george.
