I have run the numbers for the eminence delta 15 and the program is providing very odd numbers for the enclosure ie;cabinet:

lo cut 30ideal fr 675	hi cut 1600ideal q .5314961	eff 101encl fr 127.9479
power 300encl q .888889	impedence 8encl ht 10.90272	quantity 1encl wd 7.268482
vas 10.4encl dp 4.845655	qd 45	frd 40
