Subject: Re: Which country produces the best audio equipment? Posted by akhilesh on Fri, 11 Aug 2006 13:33:46 GMT View Forum Message <> Reply to Message

I think it completely depnds on the design & model of the piece you are talking about. Typically the USA & W. Germany/northern Europe produce teh most EXPENSIVe equipment...whether that translates to best is in the ears of the listener. -akhilesh
