Subject: Re: My CH-3's finally came in Posted by Crazy Dave on Fri, 15 Feb 2002 15:34:05 GMT View Forum Message <> Reply to Message

If you are concerned about diffraction, an alternative would be to surround the driver with an equal thickness of felt or wool. This would let you know if defraction is an issue, is easy to A/B and it is reversable. AR used to do this in the 70s.Dave
