I didn't call. I paid \$100 figure. Worst case: 2 M222s for my \$100. which is still a deal. Best Case: 4 - M252s for my \$100. which would be a cool surprise. Most likely I'll get 2 M252's cause thats the part number I ordered. I'm sure the "S/M M222" means 'similar to M222' anyway, I'll let ya know. How long should I expect them to take?
