Garland, I actually live in Omaha, NE, but if you make it out this way you're welcome to come see them. You can check out the Basie kit at [diyhifisupply.com](#). They're an AA sponsor. It looks a lot more "finished" than the Foreplay, and it goes about things a bit differently... so I've read. Mine's on the way from Hong Kong, but someone else is now the American distributor. I think it's [DIYCable.com](#). Anyway, I can't wait. Kevin
