I have started a page as I suggested below, sorted by forum moniker.
<http://home.iprimus.com.au/gradds/DIY1.html>It only has a few on it at the moment, I'm sorry if i missed anyone who should have been on the first draft ;-)I can only add and amend if I have information send to me, preferrably by email. So if you want your site listed, send me the info please.TIA AG
