Dynaudio has discontinued there consumer sales program but you might call around to old suppliers to see if there are any remaining in stock, they do make some fine although not very efficient drivers.Madisound, Parts Express, Martin Sound, Jammin Jersey, Gold Sound, Zalytron, Solen in Canada, GR Research, Speaker City, MCM, and many other speaker suppliers are abile to be found by internet searches, as well as lots of sometimes huge links lists on hobbiest sites. But you have one of the Best sourches right here! Just tell Wayne what your goals are and he will set you up with one of his fine parts kits and you'll be smiling from ear to ear as soon as you hear them. Best of luck.Mike H.
