Try these places:1. Parts Express2. Orange County Speaker3. Jammin' Jersey4. Also try David Miller at Speakerworks. Sometimes he stumbles onto unexpectedly good deals and he does great work when reconing JBL's too. (918) 664-62995. Last but not least, don't forget the JBL tent sale. This "tent sale" has gone on seemingly forever, and in the last six months we've seen $800.00 JBL 2245's go for a hundred bucks, and tons of thousand dollar systems going for peanuts. Many of them contain parts worth ten times what they're selling for, so check it out.
