Subject: Got 'em already Posted by JLapaire on Tue, 04 Jun 2002 08:34:40 GMT View Forum Message <> Reply to Message

I'm just waiting to put them on until I know if they're really finished or not. The Tung oil surface almost looks like it could use one more go-around. Next time I try a new finish, maybe it will be on something smaller. I could have built a spray booth in the time I put into finishing these things!John
