I like hatchback cars for audio, a "Free" horn too! heheBasshorns are sweet, most people want cute enclosures so it looks nice when the guests visit while they drink the wine and chit chat about the weather - haha.....Ok, now for some serious talk. Any thoughts on a design for a sofa - woofer ? Always wanted to make one. A good way to hide your 15" or 18" woofers - the sofa! heh. Feel the bass!
