RE: Ok, now for some serious talk. Any thoughts on a design for a sofa - woofer ? Always wanted to make one. A good way to hide your 15" or 18" woofers - the sofa! heh. Feel the bass! Not a sofa, but I'm seriously considering a coffee table sub. I have this one 15" Eminence woofer that calculates out to a 10cu ft box with PiAlign, it generates fairly small boxes! I can't remember what BoxPlot wants it to be, maybe 20-25 cu ft? Chris
