RE: Ok, now for some serious talk. Any thoughts on a design for a sofa - woofer ? Always wanted to make one. A good way to hide your 15" or 18" woofers - the sofa! heh. Feel the bass! Not a sofa, but I'm seriously considering a coffee table sub.I have this one 15" Eminence woofer that calculates out to a10cu ft box with PiAlign, it it generates fairly small boxes!I can't remember what BoxPlot wants it to be, maybe 20-25 cu ft?Chris
