Subject: frosting on the pi Posted by tdc on Wed, 04 Sep 2002 14:21:18 GMT View Forum Message <> Reply to Message

The JBL tent sale has 2402H drivers with 16 ohm 2405 diap. This per tech support is good for 6500 to 21500 cps. If I get an extra pair for the 4 pi (pro with Jbl drivers and a 2345 horn) where would one bring it on board (cross over point) tdc
