I usually recone with the genuine original kit, unless it isn't available. The D130, D130F and D130H use the JBL recone kit C8RE130, and the D130F-16 uses the C16RE130 kit. See the "where used" document below. You might call David Miller at Speakerworks in Tulsa, (918) 664-6299. He's authorized by JBL, keeps most reconing kits in stock and he's really good. Wayne

JBL recone kit "where used" list
