I will get the supplier's full details when I meet him.I will soon (well the woofers will take 3 months to be delivered) have a set of Pi Speakers in theforeground of some of the pictures on these sites.http://myweb.absa.co.za/lancasterhttp://www.davids.co.za/capetown.htmNeedless to say, to match that kind of beauty, the pi's have to be really good looking. I guess I'll be taking a trip around Cape Town with them. A lot more pictures when the towers are here.Till LaterOscar
