Incroyable!, M. JLapaire. And after I spent the morning of my day off stripping ALL the veneer from one cabinet. Sacre bleu! D'ONT leave globs of glue on the veneer to dry, it ain't coming off. Grilles seem more important with these Alpha's than the Delta's, don't they? They're kinda ugly next to a nice wood finish. The tweeter looks good, tho'. Anybody have a source for the kind of grill cloth that's stretchy and has an elastic around it that you pull over the baffle?
