Subject: So THATS where the Wild Things are! Posted by JLapaire on Wed, 23 Oct 2002 08:17:44 GMT View Forum Message <> Reply to Message

Nice big expanse of wood with a horn in it. Who'd a thunk a huge powerful sound would be coming from that? The hidden bass driver is one of the nice things about the Theater 7 I think.Good job, and I agree about the mono. One Theater 7 will kick many a stereo pairs butt.John
