Well Wayne, I have been a major SLACKER! Two Pi's not done yet... I live in a small apartmment so these projects take a little planning. Basically I have to get down to my stepdad's wood shop in CT (2hrs away) for a long weekend. I'm still torn between the Tower or the regular Studio box. as you may remember I got both plans from you. I had a chance to hear John Lapair's 2's at the New England Bot meeting, though briefly due to the presence of the mighty Karlsons with the Martinelli horns :)David
