Subject: Re: You've got mail! Posted by billfort on Thu, 05 Dec 2002 21:52:44 GMT View Forum Message <> Reply to Message

Hi Wayne. Would you mind sending me a copy as well? I'm also considering different possibilities for Altec 604-8G crossovers and would be interested in your thoughts. I am leaning towards bi-amping but think a compensation circuit on the Altec horn might still be best. Thanks, Billf
