I'm excited about this deal too. But I agree with you - I don't particularly care for the place to turn into an unpleasant penis-envy thing. That stuff that goes on over at the "other place" has really turned my stomach over the last year or year and a half, as you and I have discussed privately. Two types really get my goat: The P.T. Barnum style make-something-that-isn't-there, more-show-than-substance type and the Ted Kaczynski (Unabomber) hit-and-run type. Perhaps I should find a way to be more tolerant of these kinds of people, and to walk away. But those have just always been pet-peeves of mine.

Take the Unabomber quiz
