I just reserved a room in addition to the room 504 Mike is holding for me. I wanted to have sort of a private room and a public room. So the hotel reserved 503 for me, but that means I may have taken too many slices of pie. Bad pun. My point is that if I can get another room on the same floor, cool. But I don't want to take Bill or George's rooms, or anyone else that's hangin' out with us there. So if we run out of rooms on the fifth floor, I'll trade my room 503 for someone else's. It would be nice to have my second room nearby, but it can really be anywhere.
