Hi Everyone, Are there any other Rush fans here? I am a big fan of Neil Peart because when I'm not enjoying listening to my Four Pi's, I'm probably playing my drums. Although I like the new Vapor Trails CD for the most part, I have found it less than satisfying to listen to and couldn't really pinpoint why. I was just surfing the 'net tonight and I found this article on ProRec.com that I'd thought some of you might find interesting. Just follow the link below. Colin

Article on the Recording of Vapor Trails
