Thanks for the compliments guys. To be perfectly honest, The 2" drivers I ordered have not come in yet. large format just happens to be one of the few things I dont have in the 3 of everything class! So after some testing I'll have prices on the webpage. So far it's looking to be anywhere from a lot, to outrageous. They are twice the regular horns in both time and materials. I'm planning on having them at Lima this year so we can all have listen and swap some drivers around. Bill
